

The PGCM was certainly a beneficial course. The Faculty really provided a great practical foundation for my Current Education.

I am currently pursuing my Masters of Banking and Finance at Macquarie

University, Sydney, Since Feb 2017.

I stated my PGCM qualification in application forms and Resume while applying. The project work did help me make a convincing SOP and added Value to my CV.

The PGCM course has really helped me to develop skills and mannerisms to prepare me for my career ahead as an entrepreneur. The course outline and the method of teaching are so designed that it will help me develop

a good business sense, knack of the market scenario, fine analytical skills, and most importantly, solid networking aptitude.

With the experienced faculty, exposures to industrial domains and a good curriculum, the college has helped me boost my knowledge, experience and confidence to make me a successful entrepreneur.
